Enhanced WiFi Experience is Here!

Welcome to your Personal Area Network (PAN). With PAN, your wireless devices can “see” and communicate directly with your other wireless devices on your account. You can print wirelessly and connect your Sonos speakers or Apple AirPlay for a “like-home” experience.
HOW TO GET CONNECTED

For Laptop, Phone or Tablet:

2. Enter the default wireless password/key: internet
3. Sign up for a new account or login to your existing account.

For Gaming Console, Smart Speaker or other Device:

1. Connect to “MyResNet-5G” or “MyResNet-2G” on your laptop, phone or tablet.
2. Open a web browser and go to: myresnet.com
3. Log in to your account and select “Devices” at the top of the home page.
4. Enter the MAC address or Wi-Fi address of the device and select “Add.”
5. Connect your device to “MyResNet-5G” or “MyResNet-2G” with your password.
